# PRESIDENT'S REPORT

**Ian Plant**

2018 has been another positive year for the NSFA. We have made real progress with our four pillars of success in the Towards 2020: NSFA Strategic Plan: Community Football Experience, Facilities, Pathways, and Creativity & Innovation.

New competition formats were introduced for many of our players and these improved the quality of the competitions as well as the number of competitive matches available to players. There were also a larger number of night games during the winter season, both midweek and on weekends, this year. The NSFA coaching team continued to develop resources and support for coaches and players, with many clubs taking advantage of the Inspire and XLR8 programs. The targeted promotion of girls' football continued, and the Skellern Cup, in its second year, proved to be a great success with over 500 girls taking part. In terms of facilities, the NSFA continues to work pro-actively to improve facilities across all local government areas in our Association. We are also moving closer towards developing a home of football that we can all share.

We saw progress again this year in our representative club, the Northern Tigers, with the women competitive in NPL1 and the men in NPL2. The introduction of the Super League format into the Under 12 to Under 16 mixed competition age groups proved very successful and we are hopeful it will provide a stronger pathway for our juniors into representative football. The Super League will be extended into Under 18s in 2019.

The Diamond League continues to be a positive way to develop footballers and provide a similar pathway into representative football for girls.

I would like to thank the NSFA staff for their efforts this year, in particular their support for innovations in processes. I would also like to take this opportunity to acknowledge the outstanding job done by the NSFA CEO, Malcolm Waldock. His expertise and dedication to the NSFA has enabled us to make fantastic progress this year across the Association.

As for you, the volunteers, I would like to thank you for all hours you put in and the passion you show for community football. The hard working volunteers across the member clubs are what make it possible for our community to experience the joy of football.

I would also like to express profound thanks to the Board Directors: Hilary Bingham, Lee Sullivan, Brett Backhouse, Simon Cox, Mick Da Silva, Jack Richardson and Sarah Jenkins. The Board members are diligent, hard-working and committed volunteers who have worked together as a strong and cohesive team to ensure that we realise the vision we share.

**Dr Ian Plant**  
**Chair, NSFA Board of Directors**

# CEO'S REPORT

**Malcolm Waldock**

The NSFA embarked on its 62<sup>nd</sup> season determined to make progress across the four pillars of its strategic plan. The road-map developed throughout 2017 has proved to be an invaluable source of guidance as we seek to make lasting changes that will provide a legacy for football in the northern suburbs region for many years to come.

Our Winter Season player numbers again grew marginally, whilst our Summer Football competitions have exploded with an incredible 28% increase in registrations. Our sport is genuinely on its way to becoming Australia's most popular team based participation sport - for twelve months of the year.

To facilitate the ongoing growth it has been important to develop a strong set of products, processes and frameworks to ensure that the games expansion is sustainable.

A key innovation for season 2018 was the insourcing of the competition committees to enable 100% of competitions to be administered, scheduled and serviced by the NSFA Competitions Department.

Feedback from all stakeholders throughout the year has been universally positive. We have found a model that is sustainable and scalable, which sets us up for future growth. We had 95% of the entire draw published before the season's commencement, for which much positive feedback was received. Thank you to Adam Cloughton and Damian Miles who put together a seamless season for NSFA clubs, teams and players.

In 2018, the Competitions Department re-introduced a finals series for almost all divisions. This proved to be a very popular addendum to our season and we look to further enhance the finals experience in the years to come.

The development of coaches is also an incredibly important strategic priority for the association. The INSPIRE Coach Support program this year jumped from 250 to 650 registered members; staggering growth that now ensures that more than 50% of the association's coaches have access to weekly content and an ongoing suite of resources to assist in the development of their coaching craft. Our Community Coach Education training courses were also attended in record numbers. There have never been more qualified, accredited, engaged and inspired coaches plying their trade in the NSFA and we will continue to invest in these programs for 2019.

In 2018, the NSFA reinforced its investment in, and commitment to, the XLR8 Player Development business. XLR8 offers year round football development programs aimed principally at servicing three core markets: (1) Supporting NSFA Clubs with their in house player development / coaching programs (2) Holiday Clinics and (3) Small Group Coaching for players with aspirations to realise their full potential in a more intense training environment.

We would like to thank our partner clubs in 2018, Asquith, Berowra, Chatswood Rangers, Hornsby Heights, Hornsby RSL, North Turramurra, North Sydney, Turramurra United and Willoughby Dalleys. For season 2019, we have an additional five clubs committing to programs.

Of course, the purpose of XLR8 is twofold. Firstly, we have the objective of genuinely enhancing the player experience within the NSFA. With our team of outstanding coaches, and a custom developed curriculum, we firmly believe an XLR8 partner club will see significant player development outcomes across the course of a season. Beyond the on field benefits, all profits from the XLR8 programs are re-invested back into the NSFA, a significant motivating force for considering XLR8 before a private academy / provider.

# CEO'S REPORT

Our 2018 XLR8 Holiday Clinics posted record numbers, 25% up on our previous best attendance in any given year. Our Small Group Coaching programs attracted over 200 unique players in its first year of operation and is poised for further growth in 2019.

A massive thank-you to NSFA staff members, Ed Ferguson, Nick Marr and Eilidh Mackay for their dedication, passion and commitment to these programs throughout the year.

The Northern Tigers are a pivotal part of the NSFA ecosystem. A thorough review of the Tigers Year is included later in this annual report but a big shout of thanks to all of the volunteers, coaches and players who have collectively developed a club culture that is widely respected throughout the NPL community. Of course, a great deal of gratitude to Eilidh Mackay and Jason Eagar who have dedicated themselves to ensuring the Tigers reputation remains of the highest order.

Another significant development throughout season 2018 was the emergence of a new club, Turramurra United, off the back of a merger between the Bannockburn and Wahroonga Football Clubs. Mergers of this scale are never easy. An untold amount of work went on behind the scenes and whilst there was a small army of dedicated people involved, it would be remiss of me not to thank Mark Bendall and Geoff Harvey for the leadership they provided throughout this process. Outstanding work and outstanding debut season.

There are two groups of people without whom football would not exist. Referees and club volunteers. To everyone from the KDFRA who officiated in season 2018, we thank you for allow-

ing everyone else to be able to play the game they love. Of course, all 16436 NSFA players owe the dedicated volunteers of each club a great debt of gratitude. Clubs would simply not exist without your sense of civic spirit and commitment to serving the community. Thank you.

To Alan Clarke and his dedicated team of P&D volunteers. Total respect for the calm, sensible and judicious manner in which you conduct your weekly hearings. Alan's attention to detail, dry wit and sense of perspective is highly valued by all at the NSFA.

On the field, there were some fantastic results throughout the year. Congratulations to Northbridge WAA1-A and West Pymble PL, who were respectively crowned Premiers and Champions of the NSFA in our flagship competitions for the fourth consecutive year. A record seven teams qualified for Champion of Champions Grand Finals this year, with two teams coming home with the trophy - congratulations to Lindfield Under 12 Girls and Northbridge Under 21 Women!

A word of thanks to the NSFA staff not previously mentioned. Marcia Allman for her administrative and event management brilliance. Nick Amies for bringing us so capably into the 21<sup>st</sup> digital century. Paul Orgad for ensuring that our bold and ambitious targets for facilities development are still well on track. It makes my job very easy to be part of such a high performing team.

Finally to the NSFA Board. Thank you for your ongoing support, drive, ambition and dedication to the cause. A stable Board has been an enabler for the many progressive projects we have undertaken over the last two years. The NSFA is in good hands.

**Malcolm Waldock**  
*Chief Executive Officer*

# COMPETITIONS REPORT

**Damian Miles**

2018 saw a number of changes in the way the Competitions Department manages competition football. These changes were:

- Dissolution, as a trial, of all competition football committees.
- Tighter regulations to provide greater consistency across competition streams.
- Return of finals series on a designated two week-ends.
- Full publication of the draw at the start of the season, with a set number of matches for each division.
- Creation of Super League divisions in Junior Mixed Under 12 to Under 16.
- Dropping Gala Day for Under 12 to Under 18.
- Creation of a standard set of regulations for tournament football.
- Administration of summer football now undertaken by Competitions Department.

I am pleased to say that all of these initiatives have been very well received and will continue into 2019. This includes expansion of Super League to Under 18s.

We were certainly blessed with great weather this year with only 1 weekend affected significantly by rain. This meant that all competitions were able to finish on time and the finals series could go ahead as advertised. Lack of rain however is a double-edged sword, as the poor condition of several fields at the end of the season will attest.

2018 also saw the merger of two of our oldest clubs in Wahroonga Tigers and Bannockburn Rovers into the single entity Turramurra United.

## SENIOR MIXED FOOTBALL

Player numbers for Senior Mixed football were almost identical to 2017, with three extra teams participating. All Age and Over 35 numbers were down slightly while Over 45 numbers grew by about 10%; a trend reflected also in team numbers.

The transition from the committee-managed competition structure to the office-based structure was a great success. The old SMFC was very hands-on with direct communication with team managers and I believe we were able to continue that practise effectively this season. The big advantage was that we were able to make competition decisions in a much timelier manner and with greater consistency in line with the regulations. This regime will continue in 2019.

## ALL AGE

West Pymble won their fourth successive Premier League title in 2018, finishing 10 points ahead of the newly promoted Northbridge FC. West Pymble also pipped Northbridge in reserve grade on the last day. Season 2019 will be West Pymble's 50<sup>th</sup> successive year in the highest division of All Age.

*Above: West Pymble Men's Premier League*

Elsewhere, the 12 available premierships were spread amongst nine different clubs. Special congratulations go to North Sydney United who won both grades of All Age 2 and St Michael's who were runners-up in that division. They will take their place next season, as the first squad from the club to participate in Premier League.

## OVER 35

North Sydney United dominated division 1 this season winning both grades, while also reaching the State Cup final in July. Northbridge finished second, while 2017 premiers Lindfield were third.

# COMPETITIONS REPORT

## OVER 45

St Michael's won both First and Reserve grade of Division 1 for the third successive year. The division increased from 6 squads to 7 plus a single team in First grade. The aim is to get to 10 teams in 2019.

## TOURNAMENTS

This season was the first played under the new codified tournament regulations. The major changes were maximum squad sizes and a requirement for players to play at least one match in the tournament in order to play in the final. In the NSFA Cup Lindfield won their fifth title when they defeated Northbridge 1-0 with a golden goal. In the Rick Close Cup North Sydney United came from 2-1 down against Northbridge with 10 minutes to go and stormed home to bag the win 3-2 in the final minutes of normal time. This was their third win in a row in this competition.

Lindfield: 2018 NSFA Cup Winners

## STATE CUP

Three teams entered State Cup; Defending All Age champions Northbridge (PL) and Northbridge AA2 and North Sydney United Over 35s. North Sydney United made the final and were very unlucky to lose a close, hard-fought match.

## CHAMPION OF CHAMPIONS

Two senior mixed teams made the Champion of Champions Grand Finals this year, West Pymble Premier League and St Michael's Over 45's (pictured below). Unfortunately neither side could lift their respective trophy, going down to Coogee United and Hurstville Minotaurs respectively.

## PROMOTION AND RELEGATION

The "two up, two down" system remained in place this season. There were a number of divisions with only 8 teams this season so our aim will be to restore these to 10 teams in 2019 by promoting teams without relegating from the higher division.

## GROUNDS

Despite the addition of new fields this season, grounds continue to be an issue on Saturday afternoons. Each division below All Age 2 were required to play up to 3 matches on Sundays. The greater use of synthetic fields on Friday nights and Saturday nights has helped to ease this problem slightly. This year we also moved some Sunday matches to Saturdays if the home team's "home" ground was vacant on the Saturday and not available on the Sunday.

## JUNIOR MIXED FOOTBALL

### SUPER LEAGUE

As alluded to earlier in this report the big change in Junior Mixed football in 2018 was the introduction of "Super League". Teams wishing to participate in Division One of Under 12s to Under 16s had to agree to conduct training on 2 nights a week and to ensure that the coach of the team had achieved an appropriate level of qualification. The change was well accepted and there were signs of improvement in the skills and ability of the top teams. However, there is still a gap in ability between the top teams and the bottom teams but as the Super League concept takes hold this gap should close. In 2019 the Under 18 Division One competition will also include a Super League.

## GRADING

Grading took place at the President's workshop in March with the presidents in attendance voting on grading disputes. Grading of youth teams is an inexact science as teams change from year to year but in the main, I believe the new system worked well and there were fewer re-grades undertaken later in the season.

# COMPETITIONS REPORT

## **DRAW**

This season we drew all competitions from Under 13 to Under 18 with 17 games irrespective of the number of teams in the division. It appeared that most teams accepted the loss of absolute parity in the competition if it meant more matches overall. Of course, the weather was kind this year and almost every team managed to play their full allotment of matches.

## **FINALS SERIES**

Every division was able to play a finals series this season after the competition had concluded. The exception was the Under 18 Division Three competition, which only played a Grand Final. The finals series was well received and there were many close games in both the semi-final stage and the grand finals. The finals gave teams that didn't figure in the premiership proper a chance to take some silverware home.

## **STATE CUP**

Several teams entered the State Cup in 2018. Hornsby Heights Under 15s were the most successful team as they made it all the way to the final. Despite giving a good account of themselves they unfortunately fell just short.

## **CHAMPION OF CHAMPIONS**

Northbridge Under 12 Boys and West Pymble Under 16 Boys qualified for the Grand Finals of their respective divisions. Unfortunately both teams suffered defeat in tight matches to finish as runners-up.

## **IN CLOSING**

I would like to thank all the managers, coaches and club officials that I dealt with this year. There was a great overriding sense of co-operation this year which made the transition away from committees much easier to manage.

I would also like to thank Adam, Paul and Malcolm for their input into the process. This was Adam's second year managing female football and MiniRoos and I'm sure he will attest that this year was somewhat easier than 2017. Certainly, from my point of view 2018 was much less stressful and difficult for me than it was last year, due to the greater clarity and certainty we offered at the start of the season.

I now hand over to Adam to summarise his two portfolios.

*Damian Miles*

*Competitions Manager*

*Adam Cloughton*

## **GIRLS & WOMEN'S FOOTBALL**

With the implementation of the new competition structure, the 2018 season for Girls & Women's Football was a very successful one. The new competition structure resulted in more competition games being played, with junior teams playing on average 16 games and Women playing 18 games. The competition concluded with a two-week final series for the teams that finished in the top four positions. The Finals Series was well received by clubs and players, which culminated in an exciting end to the season. With the removal of committees, clubs at the Presidents workshop determined the placement of teams in divisions. The grading workshop proved to be effective with only a couple of teams needing to be regraded.

Overall, female playing numbers are slightly down when compared to last season. The decrease in playing numbers can largely be attributed to Girls SAP being introduced by FNSW. Girls SAP has drained the talent pool in Diamond League, making it a challenge to maintain a competitive competition. Increasing the depth in Girls & Women's football is certainly one of our biggest challenges. The WAA division 1 competition highlights the lack of depth in women's football, where we only had six teams. The positive is that there are a couple of strong teams in division two that look ready to step up to division 1 which will enable us to run an 8 team competition in 2019.

# COMPETITIONS REPORT

Once again, the State Cup proved to be a very popular competition for our Girls and Women's teams. This season we had 19 teams enter from G12 to WAA. As a result, a number of fixtures were rescheduled to Friday nights. Having facilities such as Charles Bean, Cammeray, Northbridge and Blackman allowed us to reschedule all postponed fixtures.

Unfortunately, none of the teams was able to win the State cup, however, G12 Lindfield Kerr reached the Semi-Final and WAA Northbridge A made back-to-back appearances in the Final, going down 4-0 to Albion Park. Northbridge A also secured their fourth consecutive division 1 title, only the second time this has ever been achieved. Mt Colah narrowly won the W35 Div. 1 competition for the second time in a row, narrowly finishing ahead of North Sydney United by 1 point.

*Northbridge A: Four-time WAA1 title winners.*

Champion of Champions proved to be a successful competition for our Girls and Women's teams, with three teams making the grand final. Unfortunately Mount Colah Under 16 Girls lost to Avalon, but the Lindfield Under 12 Girls and Northbridge Under 21 Women both won their finals. The Northbridge team secured back-to-back titles, having won the Under 16 Girls Champion of Champions title last year.

The G18 shield took place for only the fourth time. It was a great game of football, with Northbridge coming from 3-1 behind to win 4-3 against Lindfield in extra time. Only four teams entered the G18 Shield this season, hopefully next season we can encourage more teams to enter.

## MINIROOS FOOTBALL

This year the association had 6917 registered MiniRoos players, which represents 42% of all registered players. Despite there being a decrease in the total number of teams, 613 (2018) compared to 638 (2017), there is actually an increase of 103 registered players.

As has been the case for the past few seasons, MiniRoos re-grading occurred every five rounds. An automated methodology that was implemented by Dale Catzel a number of years ago is used when re-grading. The re-grading was effective in minimising the goal difference between teams and improving the game day experience of all players.

This season saw a couple of changes to MiniRoos rules and regulations. U6 & U7 game duration increased from 15 min to 20 min halves, the size of the penalty area increased from 5m x 12m to 10m x 20m in the U10 & U11 age group. There was also one rule amendment, which was that all teams had to retreat at least 10m from all goalkeeper restarts.

A big thankyou goes out to all the volunteers, ground controllers, managers and coaches that help MiniRoos football run so smoothly every weekend.

**Adam Cloughton**  
*Competitions Manager*

# 6-A-SIDE REPORT

**Marcia Allman**

**Adam Cloughton**

The 2017 / 2018 Summer Football season was comprised of 235 teams and 1,927 registered players across three venues - Blackman Park, Mills Park and North Turramurra Recreation Area (NTRA). Last season was our first using NTRA which sought to cater for the central based teams / players and make use of the wonderful facilities.

NTRA proved to be very successful with a large number of Mixed, MAA, WAA and MO35 teams, seeing us reach capacity in those age groups. To cater for the high demand we introduced Mondays and this has received similar interest in the new season. There was a rise of 51 teams in 2017 to 96 in 2018, almost doubling the number of registered teams. Capturing a new market in MiniRoos and Youth Teams, we have formed a strong and successful U10, U11 and a G14 competition.

With 95 teams participating in the Blackman Park competition, eight 6-a-side fields are set up across the two synthetic fields with a thriving atmosphere from the Juniors at 17:30 to Seniors at 22:00. It is pleasing to see the number of MiniRoos teams increasing and this was particularly evident in the U10 age group, which had 14 teams. At the time of writing, Blackman Park has 123 teams registered for the 2018 season. An amazing feat.

At Mills Park we had 89 teams registered over three nights. Upon reflection running the competition over two nights would have created more healthy divisions, as we spread ourselves to thin which created unbalanced competitions. This is an area we have addressed for the 2018 season, with games now being played on Tuesday and Thursday nights only.

Electronic Match Cards were introduced in 2017 as we look to move away from the use of Paper Match Cards. As the season progressed the EMC usage improved, however, we are still in a transition period as we try to get all team managers familiar with the process.

Last year NSFA had three teams represent the association in the Summer Football Champion of Champions competition. Our representatives were 'Weave' in MAA, Turra Tigers in the Mixed

and Helle's Belles in the WAA competition. The Turra Tigers went on to win the first ever Mixed Champion of Champions competition. The event is held over one day at Valentine Sports Park. All teams spoke positively of their experience in the competition and NSFA will once again be looking to send representatives for 2018 edition.

Overall the 2017 season ran very smoothly, with teams playing the game in a positive spirit, which made it a very enjoyable experience for everyone. A very big thankyou to the NSFA Ground controllers, John and Maggie Humphreys, Bryce Nielsen, Brian Binfield, Marcis Morgan, Sando Papikian, Heidi Caspers, James Baker and Krisha Karla for their excellent work last year and their continued efforts this year.

We are currently in the early stages of the 2018 season and our significant growth is reflective of the success we enjoyed last season as we have 310 teams registered and 2,540 players.

**Marcia Allman and Adam Cloughton**

**NSFA Summer 6-a-side**

*Turra Tigers: Summer Mixed Champion of Champions Winners*

# PD & DC REPORT

It is with pleasure I submit the PD&DC report for the 2018 season.

The recently completed 2018 season was generally a pleasing one for the PD&DC with the exception of a couple of challenging cases. The statistics below indicate that there has been a decrease in the number of send offs from 205 to 187. The number of cautions remained similar to last year. However, it was disappointing to see an increase in the number of 4 Yellow Card suspensions.

This year some NSFA teams were involved with a trial of the 'Sin Bin' in the Boys U14 Division 1, Boys U18 Division 1 and the Men Premier League (both PL and PLR). If a referee cautioned a player for showing 'dissent by word or action' the referee also temporarily dismissed the player from the field. The philosophy behind the trial is that instant punishment can have an immediate influence on the behaviour of the player and the player's team. I watched a number of Men PL and PLR fixtures throughout the season and consider the trial was successful from a spectator's point of view.

Unfortunately the committee are still seeing players and team officials appearing due to abuse of match officials. If this continues the pool of referees will be reduced as referees also like to enjoy their time on the park. This is not possible if they are questioned re decisions and abused by players and officials. Referees are doing their job to the best of their ability and abuse of the referees will not be tolerated by the PD&DC. The committee will continue to maintain its strong stance in regard to anyone found guilty of this offence.

Please remember the game is for everyone to enjoy and is after all, particularly at local community level, only a game.

Once again a number of players failed to appear at PD&DC after being sent from the field of play. Often when players were asked why they did not appear the answer was they were awaiting a citing notice. If the Regulations had been consulted by officials and players, correct procedures could have been followed. Therefore I encourage all players, team officials and club officials to familiarise themselves with the PD&DC Regulations which indicate the correct procedures to be followed re send offs. PD&DC Regulations are reviewed each year so I encourage all to familiarise with these yearly.

I would like to thank Alan Clarke for his knowledge and guidance to the committee this season. Also, Alan and I would like to thank all the members of the committee, Penny Howell, Paul O'Donnell, Chris Hemming, Chris Rayner, Murray Hutton, Peter Thomsett, Dave Kirley, Peter Gregory and Jo Zafos. I would also like to thank the KDFRA delegates Alex Rusten, Adrian Thearle and Jared Katz for their time & efforts on Wednesday nights. All your contributions are greatly appreciated.

Finally, many thanks also to the office staff, particularly Damian and Marcia, for their support and assistance. It too was greatly appreciated.

Yours in sport,

**Edwina Robinson**

**For Alan Clarke**

**Chairman, NSFA PD&DC**

# FACILITIES REPORT

**Paul Orgad**

2018 has been a tremendous year for NSFA and its member clubs, as the standard of facilities continues to improve and the number of these facilities increases. We had particular success with grants awarded for a number of much-needed projects across the association. Another highlight was the full utilisation of the North Turramurra Recreation Area (NTRA) precinct, following completion of the car park almost 12 months ago. The superb utility of this site was exemplified on NSFA Grand Final Day, where all three fields were used for an assemblage of community football. Whilst the synthetic field at Chatswood High School was finished last year, the first NSFA match wasn't played on the ground until the opening day of the 2018 season. The long awaited conversion was a welcome addition for Chatswood Rangers, who grew from 714 to 869 players.

*Chatswood High School Synthetic*

**Grants and Funding:** Two NSFA clubs have obtained funding via Round 2 of the Asian Cup Legacy Fund. St Ives FC were awarded \$150,000 towards their plan to convert Warri-moo Oval into a synthetic surface, which is scheduled for 2019/2020 season. Hornsby Heights FC were the benefactors of \$125,000 to upgrade the floodlights at Montview Oval, with the project also taking place next year. It will include two additional floodlight poles, as well as replacement and improvement of the existing four towers. Darnley Oval in Gordon had 110 linear meters of chain wire fencing added to its perimeter,

following a \$5,000 contribution from State MP Jonathan O'Dea. This was enabled by a three-way partnership between Ku-ring-gai Council, NSFA and Gordon SC. Lastly, Member for Ku-ring-gai Alister Henskens assisted NSFA to further its Club Coach Coordinator (CCC) program, by supplying \$2,000 in this year's Local Sport Program. NSFA will continue seeking out funding opportunities for projects large and small, as well as proactively assisting clubs with facility improvement grants.

*Darnley Oval fence: before and after*

**Greater Sydney Sports Facility Fund:** In June of this year, the State Government announced that \$100 million would be available to improve local sporting facilities, with the funding split evenly over the next 3 years. Following the decision of the NSFA Board to approve a contribution of \$1.2 million to support our application for a genuine "Home of Football" at NTRA, NSFA completed stage 1 of the application process. This involved collating several pieces of supporting documentation and responding to questions that required applicants to show how their project met the grant objectives and criteria. NSFA is hopeful of reaching the next stage of submitting a detailed business case in the coming weeks. Successful applicants will be announced in February 2019.

**FNSW Facilities Audit:** NSFA undertook a mammoth task to audit all 77 sites used for training and / or competition within its boundaries. The audit is part of a statewide program, with the results used to develop strategies for lobbying all levels of government in the hope they collectively provide greater investment in our game. NSFA will have access to its own data and will seek comparisons with other associations so as to benchmark itself. This will aid in our own quest for seeking continual improvement across all our facilities and LGA's.

**Facilities Levy:** At the NSFA President's Workshop in June, twenty NSFA clubs unanimously to approve the introduction of an annual facilities levy for both summer and winter football. The purpose of the levy is to increase our capability to provide improvements and upgrades to our local facilities. With very few (if any) new sportsgrounds being created, due to the lack of available and/or affordable land, NSFA's primary strategic objective and that of various councils is to increase the capacity of our existing facilities. The levy will assist NSFA

# FACILITIES REPORT

to influence council on where their own funds are allocated, accelerate the delivery of certain projects, assist in providing priority or increased access and enhance already fully funded projects.

**North Sydney:** Council invested \$300,000 into new lighting, a new irrigation system and a new playing surface at Waver-ton Park. The results were incredible, with a much-improved facility and a surface that maintained full grass coverage throughout the winter season. Discussions around convert-ing Primrose #1 into two synthetic fields have taken place. This would involve rotating the orientation of the field by 90 degrees, but is currently unfunded.

**Willoughby Council:** A significant renovation of both fields at Naremburn Oval that included renewal of the drainage and irrigation system and a full replacement of the playing surface was completed. Despite the incredibly dry winter, the field maintained full grass coverage and an even surface through-out. The new floodlight poles at Bicentennial Oval (Hallstrom Park) have been erected with further work to improve the field's drainage and irrigation taking place in the coming months. This will provide an additional floodlit training site, capable of hosting midweek matches. Council also installed some seating adjacent to the field for both players and spectators. The synthetic playing surface at Northbridge Oval is being replaced following 7.5 years of intensive use. The di-mensions of the playing surface will increase and will include markings for MiniRoos football. Fencing will be improved at both OH Reid and Greville St playing fields, whilst discussions to knock down and build an entirely new amenities building at Thomson Park have commenced. Lastly, the reorientation and conversion of Gore Hill into a synthetic surface will be completed by early 2019. NSFA hope to gain access to this site for its summer football competitions in the future.

**Lane Cove Council:** Council have set aside funds to improve the amenities building at Kingsford Smith Oval.

*Below: Naremburn Oval*

**Ku-ring-gai Council:** Following the renovation to its playing field, Koola Park also received an upgrade to the amenities building, including new shower cubicles, tiled floors and freshly painted walls. An 18 space car park will be construct-ed adjacent to Koola Road. The same amenity upgrade was executed at Howson Oval but unfortunately, the equivalent upgrades at George Christie and Comenarra were removed from next year's delivery plan. However, works to upgrade the lighting at Primula will commence shortly and for the first time on any sportsground in NSFA, LED globes will be installed. Although more expensive to purchase it is believed they are more cost effective and have a longer life than regular globes. Some minor renovations to the fencing and pathways are also part of the overall project. Council will undertake planning for a Masterplan at Bannockburn Oval, which will include im-proved seating, parking, fencing and upgrades to the playing surface. Progress to convert Warrimoo Oval into a synthetic surface continues.

**Hornsby Council:** The drainage will be improved at Asquith Oval in early 2019, with an irrigation system also being installed for the first time. NSFA may experience some loss of access to the site in the early part of the season, pending final timings of the work. The floodlights at Warrina Small and James Park received a much-needed boost, with both sites now meeting Australian Standards. Mount Ku-ring-gai Oval will now receive the same upgrade. Council released a draft Sportsground Strategy Report aimed at exploring ways to meet the ever-increasing demand on existing facilities. NSFA provided a detailed response highlighting our strategic prior-ities could assist in relieving some of the pressure, including our continued desire to convert Mills Park into a synthetic surface in the near future.

In closing, I would like to sincerely thank our member clubs for their continued drive and commitment to improve the facili-ties in NSFA and make particular mention of each of our five Councils who continue implementing strategies to overcome the difficulties faced on the North Shore of Sydney.

*Facilities Manager*

# COMMUNITY FOOTBALL REPORT

**Ed Ferguson**

NSFA approached the 2018 season with a new approach to Coach Education, providing more flexible and appropriate educational opportunities to its members to encourage greater learning and support to its 1,200 coaches.

NSFA continued to deliver formal coach education courses, with the highest amount of courses delivered in recent history to meet the growing demand and interest of the community. A total of five FFA Skill Training Certificates, three Game Training Certificates and 12 MiniRoos Certificates delivered during the 2018 year. After careful review, NSFA extended its educational opportunities to target new and inexperienced coaches that may not be interested in attending a formal coaching course through the expansion of short duration workshop opportunities.

NSFA launched its workshop offerings with the inaugural 'NSFA Community Coach Education Expo'. The expo gathered over 140 coaches to take part in a workshop or course appropriate to their team during a three hour period, held at NTRA. Coaches were offered the chance to participate in either a MiniRoos Certificate (Under 6 – 8), Intro to SAP (Under 9 – 13) or Introduction to 11aside football (Under 14+), with all opportunities delivered by local coach developers from NSFA and Northern Tigers FC. Throughout the season, NSFA also welcomed FFA Technical Director and his team to present, along with J league club Yokohama F Marinos in special guest workshops. A total of eight workshops were delivered during the season, with NSFA clubs engaged through the 'SAP in the Community' series whereby Northern Tigers and Lions SAP teams would join up with a NSFA club teams to participate.

The biggest success story of the season has been the implementation and execution of the NSFA Club Coach Coordinator (CCC) program. A total of 20 NSFA clubs signed up to be part of the FFA Coach Development program which aims to increase the opportunity for coach support, development and mentoring within local clubs. The various CCC's across the association supported Community Football Manager Ed Ferguson in the delivery, promotion and mentoring of NSFA's 1,200 coaches. The CCC program is at the forefront of NSFA new approach to coach development, designed to be flexible to the needs of clubs, with many hosting coach induction nights, in club coach education courses, in club workshops, 'on the job' coach mentoring and coach end of season review and thank you evenings. Moving forwards, the CCC program will become the pillar for continued coach development within NSFA as more clubs join the program as well as the expansion and upskilling of current members.

The INSPIRE coach support program expanded its offerings and impact during the 2018 season, providing greater curriculum content through the creation of five session plan curriculums, divided by each development phase. The INSPIRE program exceeded its 2017 membership of 252 members, to 678 in 2018. The INSPIRE coach support program has been created to provide all coaches within NSFA a guide to introduce them to coaching, as well as to support their development as they progress their players and themselves throughout the season.

*Yokohama F. Marinos coaching workshop*

# COMMUNITY FOOTBALL REPORT

NSFA also launched the 'Youth Coach Development Program' in 2018 to provide NSFA players 15 – 22 years old the opportunity to attain their FFA Skill Training Certificate whilst in a 'young environment' with other like aged coaches from the region. The YCDP aims to encourage more young NSFA members to become involved in their local club, gain valuable life skills and give back to the football community. A total of 57 coaches gained their accreditation during 2018.

NSFA continued the NSFA Coaching Scholarship, with five awardees this year to support the growth of the CCC program, grassroots football development and the mentoring of future coaches. NSFA has reaped the benefits of its 2017 Coaching Scholarships with all awardees completing the practical course and submitting their assessments to Football NSW. Troy Sheather & Emily Brown have excelled in their coaching roles at Hornsby Heights FC and Lindfield FC respectively, strengthening each clubs coaching ranks, as well as being instrumental in mentoring new and inexperienced coaches at the club. Hannah McNulty entered the Northern Tigers FC coaching ranks in her role as Head Coach of the Girls SAP Girls Under 10's.

This year our scholarships were awarded to Josh Lazarus (St Ives FC & XLR8), Zach Morriss (Northern Tigers FC), Angus Swift (North Turrumurra FC), Jack Freckelton & Peter Crawford (Lane Cove FC). We look forward to the continued influence the scholarships have on players and coaches throughout NSFA.

2018 Coaching Scholarship Winners: Josh Lazarus, Jack Freckelton, Angus Swift and Zach Morris. Absent: Peter Crawford.

2018 has created a solid foundation for coach development in NSFA as it becomes a pioneer in Australian football for the

innovation and diversity of its programs and initiatives. We look forward to welcoming more coaches on board in 2019, as well as the continued upskilling of current coaches. Better coaches, better football experience.

## PARAROOS DEVELOPMENT CENTRE

NSFA became Australia's first 'Pararoos Development Centre' in 2018, joining forces with the National Paralympic team for athletes with Cerebral Palsy, Acquired brain injury and symptoms acquired from stroke to offer development opportunities for football players.

After the success of the Pararoos at the World Championships in Argentina in 2017, NSFA took the lead of the nation by opening its doors and services to players from across Sydney and the state in monthly development sessions. Ed Ferguson was supported by Pararoos players Ben Sutton (North Sydney Utd FC), Ben Atkins and Taj Lynch in the delivery of the program. Throughout 2018 the program grew from 12 participants to 25 players, providing the first pathway in Australia for players from community football to the state team and national team.

**Ed Ferguson**  
*Community Football Manager*

# XLR8 REPORT

Northern Suburbs Football Association launched 'XLR8 Player Development Programs' in 2018 to meet the growing demand from clubs and members for professional football coaching.

XLR8 launched with the vision to strengthen grassroots football by providing all community players with the opportunity to access high quality coaching and player development opportunities. In doing so, XLR8 will strengthen the technical foundation for all players within NSFA and raise the quality of football and player engagement with the world game.

All NSFA player development and coaching programs were rebranded under XLR8, as well as launching new programs to meet the market and needs of playing members.

XLR8 programs can be broadly split into two categories; association-wide programs whereby anyone can enter and participate; and in-club programs, whereby participants of these programs must be members of an XLR8 partnered club.

XLR8 partnered with nine NSFA clubs in 2018, offering a wide range of programs to suit the individual vision and needs of the clubs. These clubs include Asquith SC, Berowra FC, Chatswood Rangers FC, Hornsby Heights FC, Hornsby RSL FC, North Sydney United FC, North Turramurra FC, Turramurra United FC and Willoughby Dalleys. Through in-club programs, XLR8 provided player development opportunities such as team coaching, individual skill training sessions, goalkeeper academy and the XLR8 Collaborative coaching program which provides mentoring to NSFA club coaches whilst they coach their team.

In-club programs catered for all age groups and ability levels, from MiniRoos to Over 35's. During the season, XLR8 delivered 85 sessions, with a total of 1,350 players influenced each week via its In-Club programs.

XLR8 association wide programs also increased in presence and offerings throughout the 2018 season. Regular programs such as 'football school', holiday clinic programs and the Women's Skill Training continued to be delivered, along with the introduction of new programs such as XLR8 Goalkeeper Academy, Tiger Cubs (Players Under 5) and Small Group Coaching (aimed at aspiring players from Under 10 + from NSFA clubs and Northern Tigers FC).

The XLR8 rebrand and impact on the association is concluded to have been extremely positive throughout the 2018 season, epitomised by the staggering July XLR8 Holiday Clinic participant numbers, which exceeded 620 players, surpassing the last highest attendance of 340 attendees.

XLR8 is a key strategy within the NSFA 2020 Strategic plan to improve the football experience of players and coaches throughout the association. XLR8 has gained considerable success due to unique vision to improve individual playing experience as well as the reinvestment of all funds back into the NSFA.

XLR8 will continue to provide unique player development experiences to the NSFA community with sights set on becoming the only coaching provider within the NSFA within 5 years.

# NSFA SKELLERN CUP

Over 500 girls took to the field at North Turramurra Recreation Area on Wednesday and Thursday this week for the second NSFA Skellern Cup.

This year's edition saw a total of eighteen schools from across the NSFA region (covering the Hornsby, Ku-ring-gai, Willoughby, North Sydney and Lane Cove LGAs) and a total of **43 teams** from years 3 through 6 enjoying their football!

"This number of teams is a remarkable increase upon the 25 teams that attended the inaugural Skellern Cup last year," commented Ed Ferguson, Tournament Organiser and NSFA Community Football Manager.

"All the schools have really got behind the tournament and it's been great to see plenty of new football players giving their all alongside the experienced ones."

Once again, the competition trophies, one for junior teams (years 3 and 4) and one for senior teams (years 5 and 6), were awarded on a broad list of criteria that included positive encouragement of each other and opposition and exhibiting school spirit and good sportsmanship.

The Junior Cup was awarded to Pymble Public School on Wednesday and the Senior Cup was awarded to Ravenswood on Thursday.

Special thanks to Jennifer Anderson, Mayor of Ku-ring-gai, for participating in the trophy presentation on Wednesday as well as Young Matildas representatives Jada Whyman and

Taylor Ray for attending the tournament and bringing plenty of smiles to faces!

The NSFA Skellern Cup is named after **Amanda and Kimberley Skellern**, twin sisters who have played for **Northern Tigers FC**, the NSFA representative football club, for the past ten years and started their football careers with local club West Pymble FC.

Referees for the tournament were provided by **XLR8 Player Development**, while representatives from **Football NSW** were also present running mini-games for the girls in between their matches.

Full list of attending schools: Artarmon Public School, Castle Cove Public School, Chatswood Public School, Gordon East Public School, Gordon West Public School, Hornsby Heights Public School, Hornsby North Public School, Neutral Bay Public School, Mount Colah Public School, Pymble Public School, Ravenswood School for Girls, Roseville Public School, St. Ives North Public School, St Thomas Catholic Primary School – Willoughby, Turramurra Public School, Wahroonga Preparatory School, Wideview Public School, West Pymble Public School.

# REPRESENTATIVE FOOTBALL REPORT

The Northern Tigers 2018 season will be one that can be characterized as a year of significant progress. We continue to lay the foundations required to achieve our medium term goal of being a sustainable NPL 1 force in Men's, Women's and Youth Football.

Perhaps the signature event of the year took place before a ball was even kicked. Our senior Men and Women gathered on a hot February afternoon to codify what it meant to be a Northern Tigers Footballer. This involved an honest assessment of how other clubs in the NPL 1 community currently perceive the Tigers Brand, and how the players themselves would like to be perceived.

Driven by club captains, Amanda Skellern and Mike Rolston, the final outcome was a series of five cultural statements that have become known as the "Tigers Trademarks." The process highlighted that one of our key competitive strengths is the unity between players, teams, coaches, administrators and volunteers. All players in our club were asked throughout the year to continually reflect on the Trademarks, reinforcing our view that development of character is as important as raw talent.

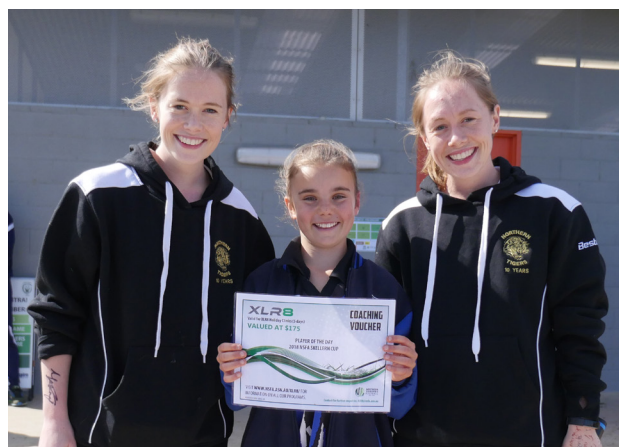

## TIGERS TRADEMARKS

If the Trademarks were our script, our Club Weekend in late April proved to be a dramatic opening scene. The level of support for all teams across that weekend was the highlight of the year and established an inclusive feel that made everyone proud to be a Tiger.

In 2018, our Women's and Girls Youth teams entered their

second year in the top tier. The progression from 2017 was evident. Our senior team was consistently competitive and had a long unbeaten run through the middle part of the season. The signing of long-time Matilda's star Michelle Heyman promised a barrage of goals but unfortunately injury cut her season short. The team was sustained by a combination of long-serving local juniors, four players with W-League and international experience and a quality selection of recruits from the NPL community.

Kim (L) and Amanda (R) Skellern at the 2018 Skellern Cup.

Club Championship results comfortably ensured another year of NPL 1 competition for the girls. Our first two years in the top tier have been industrious. 2019 requires more ambition if we are to realize our full potential. Thank you to Richie Byrne for his coaching throughout the year and a special mention to Amanda and Kim Skellern, who completed their tenth consecutive year of playing representative football for the Northern Tigers. Loyalty and leadership abound in these two players and the NSFA is very lucky to have an entire tournament named after two local juniors who have given so much to our local association and the Tigers. (*Skellern Cup is a Primary School Girls Football Tournament held each year in September.*)

# REPRESENTATIVE FOOTBALL REPORT

If there was one word best used to describe our senior Men's NPL 2 performances in recent years, it would most certainly be – consistency. Another highly credible third place finish in the Club Championship once again saw the green and white stripes give promotion a big nudge. Unfortunately a string of draws meant promotion was a bridge too far this season, however all three teams once again made finals appearances and our first grade team were very unlucky to be bundled out on penalties, one game short of a Grand Final.

2018 also marks a sad farewell for two Tigers stalwarts. After ten consecutive years with the club, Mike Rolston (Rolo) has called it a day. His leadership and presence will be missed as will his unerring strike rate from the penalty spot. With his last kick in a Tigers shirt, Rolo calmly slotted one final penalty against St George in the semi-final. Everyone involved with Northern Tigers would like to thank Rolo for his service and loyalty. 2018 also marks the end of an era as excitement machine Max Glanville has also decided to hang up the NPL boots. On his day there were very few who could match his explosiveness, speed and attack on goal. Best wishes to Max also in his future endeavours.

*Michael Rolston in action during the 2018 season.*

Our youth teams had a mixed season with some very impressive results combined with some inconsistency. This is to be expected from young developing players but advances in our approach to Strength and Conditioning and Sports Psychology will hopefully pave the way for more consistent performances in the seasons to come. Another successful year for our youngest SAP players who are now entering the NPL Youth system with a very advanced suite of technical skills.

2019 promises to be our best year on record. Strong retention across all grades is testament to the culture that everyone in the club contributes too. Thank you to all the players, volunteers, parents and coaches who contributed to our 2018 season. It does not go unnoticed.

Finally a big thank you to Jason Eagar (Technical Director) and Eilidh Mackay (Representative Programs Manager) for their unwavering commitment and passion for the Northern Tigers Football Club.

**Malcolm Waldock**  
*Chief Executive Officer*

# COMMUNICATIONS REPORT

**Nick Amies**

This season exposed our new websites for NSFA and Northern Tigers to the full attention of our football community. The Northern Tigers website - updated for the first time this decade - has received unanimously positive feedback.

This year we expanded our social media network with the addition of XLR8 (both on Facebook and Instagram), as well as an Instagram account for Northern Tigers. In combination with our existing accounts, all three 'brands' – NSFA, Northern Tigers and XLR8 are now represented on Facebook and Instagram, and providing regular engaging content on these channels is a key goal for 2019.

Throughout the season we continued to profile individuals across our community that make football in our area so special through our Grassroots Spotlight segments, included in the XTRA Time newsletter and shared across social media. However for every one person we recognise, there are many more out there with a fantastic story waiting to be told!

Planning is well underway for 2019, with a goal to increase the consistency and depth of coverage in our local competitions. I will be working with clubs to further develop our information network so that our best local stories get highlighted and our competitions receive a renewed focus.

This year has seen the production of the NSFA Annual Report brought in-house under the supervision of myself and Marcia. I would like to thank Brian Binfield for his work in producing

the reports since 2010 and Guy Watson of NSFA sponsor Blue Star for printing this year's reports.

Our regular season newsletters, XTRA Time for the association and Tiger Talk for our representative players, continued to provide a reliable source of information throughout the season. However, with the huge amount of information on offer in this day and age we're always looking for new ways to ensure critical information is being filtered through all our layers of members.

A key focus of ours moving forward is to preserve and highlight the history of our association. I'm fortunate enough to share a desk here at the NSFA office with Life Member and Competitions Manager Damian Miles, who is also the in-house expert on our local footballing history. You may have noticed one of the first initiatives already, which is to display the full names of all Life Members in the annual report and on the NSFA website.

Furthermore, we have a treasure trove of old photos, reports and Soccer News editions in our storage unit. Sifting through all this information to share with you is a nice off-season project!

I invite any past or present members of our association to get in touch if they have any historical photos, documents or information they would like to share, send an email to me at [nick.amies@nsfa.asn.au](mailto:nick.amies@nsfa.asn.au)!

**Nick Amies**
