Role of Referee Liaison Officer (RLO)

The role of the Referee Liaison Officer (RLO) is to facilitate communication between a club and the KDFRA, and to help ensure that clubs meet the requirement of the association to nominate qualified officials according to the association regulations.

The role would be most suitable for a current or former KDFRA member.

Within the club

The RLO should act as the principal point of contact within a club between coaches, managers, players, and the club-affiliated referees. The RLO should be able to resolve any query or issue relating to refereeing within the club, including:

- Work with teams within a club to ensure the correct number of referee nominations are made according to the association regulations; and
- Following up returning KDFRA referees within the club to make sure they fully complete the KDFRA registration procedures each season; and
- Generally, encourage club members and their associates to become practising referees; and
- Advise referees and prospective referees on KDFRA courses and accreditation requirements; and
- Encourage club referees to make themselves available as required to officiate at matches; and
- Following up with club referees and teams should qualified club referees do not make themselves available for appointment to fixtures.

Liaising with the KDFRA

The RLO is the principal person for the communication between the club and KDFRA on referee issues concerning the club, including:

- Follow up those who have been nominated by the club to attend KDFRA courses to become new referees and help ensure they have completed the course and fully completed the KDFRA registration procedures
- Ensure that club referees have associated themselves with the correct team on the KDFRA website (account details tab); and
- Communicating with the KDFRA Appointments Officer to help coordinate appointment of club referees as necessary; and
- Answer queries on KDFRA or forward such questions as appropriate to the relevant qualified person (e.g., KDFRA secretary); and
- Manage feedback on the performance of referees (both good and bad) from a club official and pass it on to the correct person (e.g., KDFRA Branch coach or NSFA Competitions Manager) as appropriate.

APPENDIX 2B

Extra time in Champion of Champions play-offs

- a) Where scores are level at the conclusion of normal time, extra time will take place, if there is enough available light. The golden-goal rule shall apply (i.e., the team scoring the first goal in extra time wins the match). However, if scores are still level after extra time then kicks from the penalty mark will decide which team progresses to the next round. (Please refer to **Section 5.13 clause b)** of **NSFA Competition Regulations – Knockout Tournaments**).
- b) Where matches are played entirely under floodlights, **clause a)** above only applies to those matches where there is at least two (2) hours and thirty (30) minutes of available time between kick-off and the scheduled shut down of floodlighting. In matches where there is not sufficient available time, and the scores are level at the end of normal time there is no extra time. Kicks from the penalty mark shall decide which team progresses to the next round. (Please refer to **Section 5.13 clause b)** of **NSFA Competition Regulations – Knockout Tournaments**).
- c) The length of each period of extra time depends on the normal duration of the match, as follows:
 - i) For matches of 90-minute normal duration – two (2) periods of fifteen (15) minutes each.
 - ii) For matches of less than 90 minutes normal duration – two (2) periods of ten (10) minutes each.

If the Grand Final cannot be played within a reasonable period of time, it will be deemed a cancelled Match, and there will be no winner of the Competition.

3. League Tables and Points – Premiership BOD 02/22

In circumstances where the NSFA Board has determined that a Competition cannot be completed for extraordinary circumstances, the following principles will be applied to determine the final standings for the Premiership:

- b) If at least 50% of the Premiership has been played at the time when the NSFA Board makes its decision not to recommence the Competition and every team in the Competition has, at that time, played the same number of Matches, the final standings for the Premiership will be determined in accordance with Article 2.16.
- c) If at least 50% of the Premiership has been played at the time when the NSFA Board makes its decision not to recommence the Competition but the Teams in the Competition have not played an equal number of Matches, the final

NSFA Regulations

4. NSFA Board BOD 02/22

- a) The NSFA Board's decision regarding the commencement, cessation and/or resumption of competitions will be final and in accordance with the relevant Government Public Health Orders and policies.
